

# **Metrological CEO Honored as Innovator in Multiscreen**

## ***Jeroen Ghijsen Named as One of Cablefax's Most Innovative People in Multiscreen 2016***

**Rotterdam, Netherlands – March 8, 2016** – Metrological is pleased to announce that CEO Jeroen Ghijsen has been named as one of Cablefax's Most Innovative People in Multiscreen for 2016. Cablefax's inaugural award honors the most innovative executives across traditional and digital media that create, market and distribute content across platforms and screens.

"I am honored to be included amongst a group of industry leaders that are constantly striving to give consumers the best content user experience," said Jeroen Ghijsen, CEO of Metrological. "Thanks to our customers and the Metrological team for their commitment to leveraging technological innovations and open source technology to create seamless user experiences."

Winners of the Most Innovative People in Multiscreen are profiled in the March 8<sup>th</sup> issue of Cablefax Magazine.
